

National Marrow Donor Program[®] / Be The Match[®] 25th Edition Standards

The National Marrow Donor Program[®] (NMDP) / Be The Match[®] maintains policies and procedures covering the following areas:

- Requirements for external accreditation (AABB, FACT-JACIE, NetCord-FACT, WMDA)
- General organizational requirements
- Criteria for participating network centers
- Recruitment of cellular therapy donors
- Donation process
- Cell collection, processing, labeling, and transportation (including hematopoietic cell products)
- Quality Management Systems (QMS) – including document management, supplier qualification, process audits, adverse event/complaint investigation
- Records and record retention

These policies and procedures are maintained in the following documents:

- Participation Criteria
- Manuals of Operation (specific to center type)
- Network Center Participation Agreements
